<u>Field</u>	<u>Definition</u>
Name	The users first and last name
Email	The users email address
Department	All departments that the person is associated with. If a user is associated with more than one department, the department names will be separated by commas.
Groups	List of all user groups the person is a part of.
Access schedules	The access schedule(s) a person is associated with.
Location	The building where the desk or space reservation(s) took place. This field will be empty when the person has no activity in "All buildings" or no activity in the specific building selected during the timeframe.
Total desk reservations	The total number of reservations assigned and flex during that period.
Assigned desk reservations	The # of assigned seat reservations* out of the total # desk reservations.
Flex reservations	The # of flex reservations out of the total # desk reservations.
Desk check ins	The # of flex and assigned reservations that the assignee/reservee has checked into.
Auto-cancelled desks	The # of flex reservations that were automatically released because the desk was not confirmed and <u>abandoned desk protection</u> is enabled.
Space reservations	The # of space reservations where the person is the host.
Space check-ins	The # of space reservations where the person is the host that were confirmed.
Auto-cancelled meetings	The # of space reservations that were released because the space was not confirmed.
Joined office (no desk)	The number of times the employee set their work status to "In office", but did not have or create a desk reservation for that day. This signifies intent to come into the office.
Joined office (assigned desk)	The number of times the employee set their work status to "In office", and had an assigned desk. This signifies intent to come into the office.
Title	The users job title.
Manager name	The name of the manager the user reports to.
Manager email	The email of the manager the user reports to.
